Setting up a Community Group Fund with the Southland Foundation is an effective way to provide a reliable and sustainable funding stream for the future.

## What is a Community Group Fund?

A Community Group Fund is a special type of endowment fund established solely for the benefit of your organisation. The Southland Foundation accepts the responsibility of managing the fund while your organisation has complete control over what to do with the income.

## How does it work?

- ✓ Your organisation establishes a fund with the Southland Foundation.
- ✓ The minimum required to set up a fund is \$100,000.
- ✓ Donations are pooled and invested in perpetuity.
- ✓ The Southland Foundation endeavours to protect the capital against inflation.
- ✓ Surplus income from investment is distributed back to your organisation for operational requirements.
- ✓ We work with your organisation to promote and grow the fund.

## Why is the Southland Foundation a good option?

- ✓ Donations from your supporters are pooled, so even small amounts add up quickly - and unexpected bequests are easily managed.
- ✓ Funds are professionally managed by leading investment advisors with robust governance from a board of appointed Trustees.
- ✓ We can assist with the promotion and marketing of your fund to existing and potential new donors.
- ✓ We are an independent and safe pair of hands. This provides confidence to your supporters that their gift will be protected and grown.
- ✓ Our low cost structure maximise funds available for distribution.

## How can your supporters contribute?

### ● Give today

Living givers can make a one-off donation or make regular contributions.

### ● Give tomorrow

Donors can leave a lasting legacy in their will to support your fund.

### ● Give what they can

As we pool donations from your supporters, every gift counts.

*Donations may qualify for a tax credit of 33.3%.*
